

Emergency Contact Card

As children enroll in your program it is important to have their emergency contact information readily available in case of an emergency when you are on a field trip or outing. It may be beneficial to have each child on an index card and have them all on a ring/ keychain or something similar. If a serious emergency occurs and a child needs to go to the hospital all information pertaining to the child is accessible on this card. Please don't forget to follow up with a Serious Occurrence Form and send it within 24 hours to your North Slave Office.

**Information to put on the children's cards. (Front/back if you run out of space)*

Child's Name: _____
